

Hi All ~

Our core Working Group is keeping busy behind the scenes working. We want you to know how we are proceeding, on your behalf. Our [Supporters](#) list grows daily and look at the [Neighborhoods](#) now engaged! We add articles and news weekly, so be sure to take a look at all the menu items on our [web site](#) from time to time. If you have friends who are on Facebook a lot share [our FB page](#) with them too!

We're sure a meeting group of folks, huh?! We've six upcoming meetings to share with all of you, which two or more of us will be attending:

1. Oct. 19 -- **Animal Services Board of Directors** - to update our campaign and ask if they can endorse it, by sending a letter to the BOS so stipulating endorsement.
2. Oct. 20 -- Present our campaign at the **County Seniors Advisory Commission** - with a request that they endorse the campaign with a letter to the BOS.
3. Oct. 26 -- meet with **Save Our Shores** to educate them about our campaign and enlist their support
4. Date not known yet (but soon) -- meet with **SPCA** to educate them about the campaign and request their endorsement
5. Date not known yet (between Oct. 26 and Nov. 13) -- meet with officers of the **SC Police Dept.** (this is one where all will be encouraged to attend)
6. Date not known yet (but soon) -- meet with veterans of **VFW Post 5888**

Last but not least, over the weekend we'll be sending you an *action alert* about a very important bill (SB522) before the state legislature that you can help pass with a simple phone call. Stay tuned...

Jean, on behalf of FFF
